

Susunan Topik Pelajar Coding di Universiti

Lain Universiti, lain susunannya. Jadi kita tak pecahkan ikut semester, tetapi ikut susunan yang disarankan.

BEGINNER

- | | |
|---------------------------------|-------------------------|
| 1. Introduction to Programming | 8. If Statements |
| 2. Problem Solving & Algorithms | 9. Loops |
| 3. Pseudocode / Flowcharts | 10. Functions |
| 4. Syntax | 11. Arrays |
| 5. Variables & Data Types | 12. File Input / Output |
| 6. Input / Output | |
| 7. Operators | |

INTERMEDIATE

1. Pointers
2. Structures (struct)
3. Dynamic Memory

ADVANCED

1. Object Oriented Programming
 - Methods/Functions in OOP
 - Inheritance
 - Polymorphism
2. Structures (struct)
3. Dynamic Memory
